The Main Entrance located by the Pool Office/Pay Kiosk is the primary evacuation route.

There is an Emergency Gate located at the top of the steps (which leads to the viewing balcony). The key to open this gate is located in a case on the side wall of the Disabled Changing Facility and it is clearly signposted. Please take care in breaking the glass of the key housing if access to the key is required.

A plan detailing locations of Emergency Exits and Evacuation Routes is located on the notice board by the Main Entrance.

The following Life Saving equipment is situated in various accessible and visible positions around the pool. Please make yourself and your party aware of this equipment and its locations around the pool side.

REACHING AIDS One reaching pole

THROWING AIDS Two ropes

BUOYANCY AIDS One rescue buoy

The Lifeguard on duty is in overall charge of the swimming pool so please follow any instructions they may issue.
